I.R.C.C.S. POLICLINICO SAN DONATO

V International Meeting
on Adult with Congenital Heart Disease

San Donato Milanese
Milan

30th
MARCH
2012

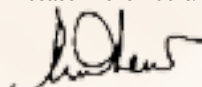

Programme Directors:

Massimo Chessa & Alessandro Giamberti

We have the pleasure to invite you to attend the IMAC 2012 which is going to be held in San Donato Milanese on the 30th of March 2012. This One Day Meeting is a unique forum in Italy where medical professionals can meet colleagues from around the world, and exchange ideas and information in the field of Congenital Heart Disease in the Adult. The objective will be to update our knowledge, familiarize participants with the latest clinical informations on the diagnosis and management of specific problems. A distinguished faculty of pediatric and adult cardiologists, surgeons, and other specialists with expertise in medical treatment, diagnosis, nursing, cardiac imaging, and operative/post-operative care of adults with congenital heart disease has been assembled to provide a comprehensive program. The expertise necessary and the multidisciplinary strategies required for caring for congenital heart disease in the adult will be stressed in a manner that allows the participants to appreciate and plan for managing these patients in their practice. The Program is designed for Cardiologists, Cardiac Surgeons, Electrophysiologists, Anaesthesiologists, General Practitioners, Psychologists, Junior Fellows, Nurses working with Congenital Heart Disease in the Adult.

Massimo Chessa

Alessandro Giamberti
